Subject: Meet to Review BDCP and Supplemental

Kathleen and Jane: First, thank you for your phone message while I was out offering to get together and confer on BDCP issues and scope out the topics for a likely supplemental.

We would like to book a couple of hours next Wednesday if possible to delve into the major EPA issues and those which you would recommend be folded into a supplemental. We are obviously seeking to keep the scope of the supplement narrow, but to do what we need to do.

Lets look at a time between 1 and 4 for a call/meeting, and see if that works for folks. I expect our DOI leadership team to be participating, and we will also likely invite senior state partners too

Please let me know

Many thanks,

WS

Subject: Location of Briefing by EPA on BDCP DEIS

Dear colleagues: We will be convening at 8:30 am for an hour this Thursday at 650 Capital Mall in Sacramento on the first floor conference room to discuss the substance of EPA's major commends on the draft EIS for the BDCP. We have reserved the **Sonoma Room on the 1st floor**. After passing through security, take the hallway on the right, and the room will be on the left.

Thank you,

WS

Dear all: Kathleen Johnson of EPA and her colleagues will be joining us in Sacramento on **Thursday morning at 8:30 am for an hour** to brief the federal BDCP team on the highlights of EPA's pending comments on the BDCP DEIS. I have alerted our state colleagues of this fact, so that our day with the state will follow. We have not yet settled on a location for the briefing, but will do so early next week and so advise. Hopefully somewhere downtown. If you are interested, please hold a place on your calendars.

Many thanks,

WS
